

HTST/UHT Range

From 10L/h up to 200L/h

HT205

Spray Pasteurizer

Accurate, Easy Simulation of Tunnel Pasteurizer

- Versatile, offers PU values to optimize the process
- Plug & play, built-in electric heating

HT207/ 208

Lab Can Retort

Efficient control over temperature, pressure & agitation

- Obtain precise data during recipe validation and consumer testing
- Efficient control over temperature, pressure and agitation

HT220

Lab Indirect HTST/UHT

Robust, High Level of Automation for Reproducibility

- Modular, enables acquisition of a line in phases
- Reliable, designed considering process first

HT220DSI

Lab Direct HTST/UHT

Flexible, with Programs for Indirect or Direct UHT

- Protected, safe operation & equipment protection
- Compact, designed for small spaces & low waste

HT223

Lab DSI Add-On

Reliable Direct Steam Infusion Unit

- Modular, seamless integration with OMVE HT220

HT323

Pilot DSI Add-On

Reliable Direct Steam Injection Unit

- Modular, seamless integration with OMVE HT320
- Custom-built, engineered to facilitate scaling up and down-scaling to meet the most complex formulations

HT320

HTST/UHT
Pilot System

Robust, Built to Last, Tailor-Made

- Solid, engineered to guarantee process conditions.
- Modular, enables connection with other units

HT324

Steam Infusion Add-On

Steam infusion & Injection Integrated on one Unit

- High level of automation
- Seamless integration with OMVE HT320

HT326

HTST/UHT Pilot
Systems with SSHE

Limitless Potential, Designed to Process Viscous Products and Products with Particles

- Cleanability, built-in CIP to maximize testing time
- User-friendly, very easy and simple to use

HTST/UHT Range

From 10L/h up to 200L/h

50L/h HTST/UHT + Homogenizing + Filling

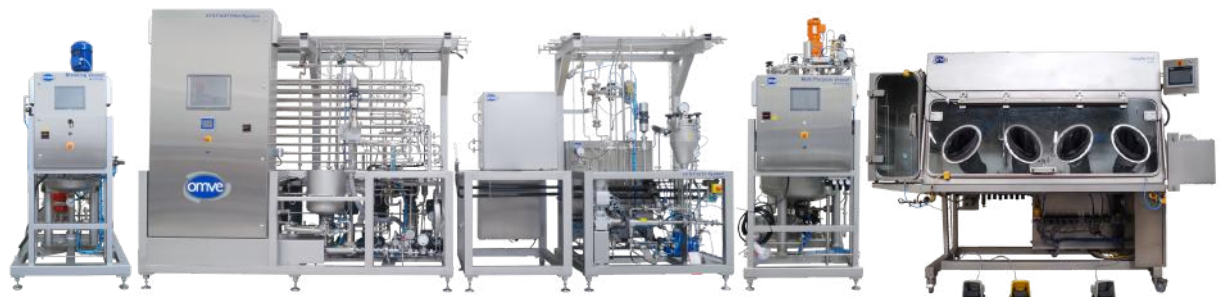

20L/h HTST/UHT Direct & Indirect + Homogenizing + Filling

30L/h Blending + HTST/UHT + Homogenizing + Fermenting + Structuring

50-100L/h Blending + HTST/UHT + Homogenizing + Carbonating + Filling + In-Container Pasteurization

100L/h Blending + Indirect HTST/UHT + Hold tubes + Direct UHT, Aseptic Buffering, Aseptic Filling

Heat Treatment
